

Parksville OCP at Oceanside Place on Sunday, March 4

On March 4, the City's Official Community Plan review will travel to Oceanside Place for the first informal public engagement event. The newly appointed OCP consultants, Urban Systems Ltd, have been retained to assist in the completion of the OCP review and will be on hand to speak with residents.

The first in a series of public engagement events is an information table at Oceanside Place on Sunday, March 4 from noon to 4 pm. This is a chance for residents and stakeholders to review the process to date, ask questions and make sure we are on the right track. Citizens can provide feedback on where they wish to see growth and development, options for transportation and action on climate change.

Please drop by for a chat. We encourage residents to get involved and look forward to your input on Parksville's plan for the future!

Sunday, March 4, 2012
Noon to 4 pm
Oceanside Place
830 West Island Highway, Parksville
