

Road Closure Announcement

Please be advised that as part of the redevelopment of the Wembley Mall site, the eastern accesses at Church Road and Highway 19A West will be closed permanently as of today.

These accesses and the road in between are private and the City of Parksville has no authority in the decision to close the access. Access from Wembley Road is still available further west. As the redevelopment of the mall site progresses, new accesses will be built further east from where they are now located.

The main entrance and right in access to the west will remain unchanged at this time.
