Road Repairs to Industrial Way and Franklin's Gull Road

We wish to advise residents and businesses of our intended street repair work at the intersection of Industrial Way and Franklin's Gull Road. This work will extend along Franklin's Gull Road into the crosswalk at Island Highway East (19A).

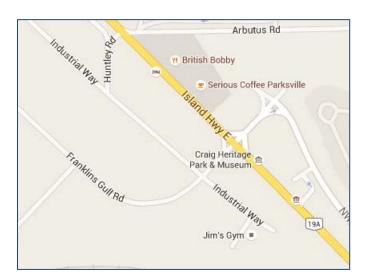

The failing asphalt from the centre of the road will be removed and replaced. Because of the repaving, the traffic loops coming out of the Industrial Park at Island Highway East and Franklin's Gull Road will be removed and once paving is complete, will be re-installed.

The work which is weather dependent is anticipated to start in the next two weeks and should take about two weeks to complete.
